TECHNICAL SKILLS

DATA ANALYTICS & VISUALIZATION

- Power BI
- Data Visualization
- Dashboard Development
- KPI Reporting
- Forecasting & Trend Analysis

PROGRAMMING & DATABASE

- SQL
- Python
- MySQL
- DAX
- R Programming

TOOLS & TECHNOLOGIES

- Microsoft Excel
- Power BI Desktop
- MySQL Workbench
- GitHub
- Microsoft Office

DATA HANDLING

- Data Cleaning
- Data Extraction
- Data Collection
- Data Labelling

EDUCATION

- PG Diploma in Data Analytics**
MDU Rohtak
2024 – 2025
- Master of Computer Applications (MCA)**
DCRUST University, Murthal
2022 – 2024
- B.Sc Computer Science**
MDU Rohtak
2019 – 2022

PROFILE SUMMARY

Aspiring Data Analyst with strong skills in SQL, Power BI, Excel, Python, and data visualization. Experienced in building analytical dashboards, cleaning datasets, and generating business insights through real-world projects. Skilled in database management, KPI reporting, and trend analysis with a strong foundation in programming and problem-solving.

PROJECTS

01

Rohtak Food Delivery & Quick Commerce Market Analysis

Tools: Power BI, Excel, SQL

- Analyzed local quick commerce market trends using data from Zomato, Swiggy, Blinkit, and Flipkart Minutes
- Compared pricing, delivery time, and restaurant performance across platforms
- Built interactive Power BI dashboards using KPIs, slicers, and DAX measures
- Identified customer behavior trends and delivery efficiency insights
- Generated business insights to support data-driven decision-making

02

E-commerce Revenue Intelligence Dashboard

Tools: Power BI, SQL

- Designed dashboards to visualize revenue trends and sales performance
- Conducted SQL-based revenue and Pareto analysis
- Developed KPI dashboards for category-wise performance tracking
- Generated actionable insights for improving business growth

03

HR Analytics – Employee Attrition Analysis

Tools: Power BI, Excel

- Analyzed employee attrition and workforce retention metrics
- Identified major factors affecting employee turnover
- Developed an interactive HR dashboard for workforce insights
- Visualized employee trends using charts and KPI indicators

04

Indian E-commerce Trends (2021–2025)

Tools: Power BI, Excel

- Performed e-commerce sales trend analysis and forecasting
- Built KPI-driven dashboards to monitor market growth
- Analyzed yearly performance trends and customer behavior patterns

05

Java Banking Management System

Tools: Java, MySQL

- Developed a Java + MySQL based banking management application
- Implemented modules for account handling and transaction processing
- Integrated database connectivity and backend functionalities
- Performed CRUD operations and database management tasks

EXPERIENCE

Java Developer Intern

Feb 2024 – May 2024

Levycon Ind Pvt. Ltd | Sonipat, Haryana

- Developed a Java + MySQL based Banking Management System for transaction handling
- Implemented database connectivity and backend functionalities using MySQL
- Worked on transaction records, account management, and data storage modules
- Assisted in debugging and performance optimization of the application
- Strengthened understanding of backend logic and database operations

CERTIFICATIONS

- Search Engine Marketing
– Great Learning
- Statistical Techniques for Data Analysis
- Statistical Frontiers in Data Science
- Acquiring Data
– Accenture (Nasscom)
